SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule in the *Federal Register* (87 FR 38265; June 28, 2022) for Docket No. FAA-2022-0867, which established RNAV route T-435. Subsequent to publication, the FAA determined that the RAYMD, AK, route point was inadvertently identified as a WP, in error. This rule corrects that error by changing all references from the RAYMD, AK, WP, to the RAYMD, AK, Fix. This is an editorial change only to match the FAA's aeronautical database information and does not alter the alignment of T-435.

United States RNAV routes are published in paragraph 6011 are published in paragraph 6011 of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The RNAV route listed in this document will be published subsequently in FAA Order JO 7400.11.
